raises the hitch 4 inches  
(400 lbs. limit) - Optional.

**VersaHaul™ Tail Light Kit**  
stop, turn and tail, flat 4 connector -  
Optional.

- **14-Gauge steel rails make VersaHaul™ the most durable carrier (500 lbs. limit).**
- **Tough powder coat finish.**
- **Fits Class III and IV hitches.**
- **Anti-tilt locking device included on all carrier models.**
- **The rail position can be moved closer to or farther from the vehicle.**
- **Available with ramps and no-drill, easy to install tail lights.**
- **Optional ramps store on carrier frame.**

## The easiest way to haul -- today's most versatile alternative!

Looking to have some fun, but have no way to haul your motorcycle, sport bike, two scooters, or even your ATV? Well, the VersaHaul™ from BNK, Inc. is the ultimate solution. VersaHaul™ offers a single motorcycle carrier, a sport bike carrier, a double motorcycle carrier, an ATV carrier, and much more! Simply mount the VersaHaul™ carrier of your choice into your vehicle's two-inch receiver, roll your bike up the carrier's ramp, strap it down, and you're ready for adventure.

VersaHaul™ is versatile! You can disassemble the VersaHaul™ for easy storage, and easily interchange its parts between models. VersaHaul™ offers optional tail lights, ramps and hitch risers for all of our models.

The VersaHaul™ is made of sturdy, 14-gauge steel. Our heavy duty anti-tilt lock bracket is included with every carrier and is designed to stabilize the carrier and eliminate movement. A high quality powder paint coating ensures protection against the elements. Manufactured with high precision techniques, VersaHaul™ is made with quality unparalleled.

VersaHaul™...  
Only the best for your motorcycle!
